

PEACEFUL PROTEST PLANNED WITH PRIME MINISTER IN ATTENDANCE

Are you concerned about the placement of wind farms & solar factories, along with transmission lines & the roads needed to build, support & maintain the same?

We need your help demanding the relocation of a proposed windfarm at Yarrowyck & Booralong that if built will destroy 35,000 hectares of precious NSW woodlands.

Help us save habitat of many at risk species including critically endangered Regent Honeyeaters & local koala populations listed as endangered.

FRIDAY, AUGUST 11, 2023

8:00 A.M. - 2:00 P.M.

THE BUSH SUMMIT @ TREC
